

September 2020

California Wine Month

California Wine Month in 2020 is an opportunity to experience wines of the Santa Cruz Mountains in the great outdoors. The local wine community is taking extra precautions this year to keep visitors, residents, employees, and their families safe and healthy during the coronavirus (COVID-19) pandemic. Santa Cruz County's boutique wineries, like others throughout California may host outdoor tastings and look forward to welcoming you this season. To ensure the best experience, please check with wineries before visiting and make a reservation if requested.
